

### **A Future Champion !**

After visiting the Nationals I would like to commend Sarah Watts, Katie Mason, Chris Ryan and Martin Watts for their fantastic efforts on representing Northamptonshire in the National finals. I was very impressed that Katie (aged 14) especially was very focused at a competition that she has never participated in before and, against some of the country's best players. She took it all in her stride and played exceptionally well throughout her games in both the fours and the pairs. This just proves that the younger generation can compete as well as the others. She is a real credit to our County. Well done Katie, you are our future and have proved that age is no discriminator on talent!

Thank you  
Sue Gunter
